Oriental Story Book. Arabic Folktales

The Oriental Story Book - is a popular classic work by Wilhelm Hauff, written in the English language. If you enjoy the works of this author, then we highly recommend this publication for your book collection. The book is filled with authenticity, culture, and traditions of the Arabic world. The East is rich in Folklore, and the orlist is not troubled to discover material, but to select only that which is best worth his while to preserve. The conditions under which the people live are most favourable to the preservation of the ancient legends, and the cultivation of the powers of narration fits the Oriental to present his stories in a more polished style than is usual in the Western countries. The reader of these Arabic Folktales will observe many points of similarity between them and the popular fictions of the West - similarity of thought and incident - and nothing, perhaps, speaks more eloquently the universal brotherhood of man than this oneness of folk-fiction. At the same time, Arabic Folktales are unique, lighted up as they are by a gorgeous extravagance of imagination which never fails to attract and delight. This Collection consists of tales: The caravan The History of Caliph Stork The History of the Spectre Ship Story of the Hewn-off Hand Fatima's deliverance Little Muck The story of the False Prince

Irish Folk Tales Fabulous stories about horses collected and edited from myths, legends, folktales, and other sources. According to some of our most ancient tales, horses go beyond being beautiful, brave, strong, fast, and loyal. They also talk, they fly, they fight to protect their riders. These horses often have opinions of their own, and they're usually wiser than their human companions. They're magic! The works in this collection came from a variety of sources, all noted. The texts have been edited to replace obsolete words, simplify sentences, and clarify meaning without losing the voices of the original storytellers. Sixteen complete stories, charming illustrations, and four spreads on unicorns and other related creatures. The editor of this collection authored The Secret World of Unicorns. She has contributed to several volumes of retold myths and legends and two reference books on mythology.

African Folktales English translation of sixty-three tales from the Grimm's Kinder- und Hausmärchen, including the classic Rapunzel, Hansel and Gretel, Little Red Riding Hood, Tom Thumb, and Rumpelstiltskin.

Tales of Ancient Egypt "My aim, after summarizing the sociology of the Chinese as a prerequisite to the understanding of their ideas and sentiments, and dealing as fully as possible, consistently with limitations of space (limitations which have necessitated the presentation of a very large and intricate topic in a highly compressed form), with the philosophy of the subject, has been to set forth in English dress those myths which may be regarded as the accredited representatives of Chinese mythology - those which live in the minds of the people and are referred to most frequently in their literature, not those which are merely diverting without being typical or instructive - in short, a true, not a distorted image." -- Preface.

Ancient Tales of Chukotka Here are 125 magnificent folktales collected from anthologies and journals published from the mid-nineteenth century to the present day. Beginning with tales of the ancient times and continuing through the arrival of the saints in Ireland in the fifth century, the periods of war and family, the Literary Revival championed by William Butler Yeats, and the contemporary era, these robust and funny, sorrowful and heroic stories of kings, ghosts, fairies, treasures, enchanted nature, and witchcraft are set in cities, villages, fields, and forests from the wild western coast to the modern streets of Dublin and Belfast. Edited by Henry Glassie With black-and-white illustrations throughout Part of the Pantheon Fairy Tale and Folklore Library

Orkney Folk Tales This anthology explores the multitude of evidence for recognisable fairy tales drawn from sources in the much older cultures of the ancient world, appearing much earlier than the 17th century where awareness of most fairy tales tends to begin. It presents versions of Cinderella, The Emperor’s New Clothes, Snow White, The Frog Prince and a host of others where the similarities to familiar ‘modern’ versions far outweigh the differences. Here we find Cinderella as a courtesan, Snow White coming to a tragic end or an innocent heroine murdering her sisters. We find an emperor’s new clothes where the flatterers compare him to Alexander the Great, or a pair of
adulterers caught in a magic trap. Tantalising fragments suggest that there is more to be discovered: we can point to a Sleeping Beauty where the girl takes on the green colouring of the surrounding wood, or we encounter a Rumpelstiltskin connected to a mystery cult. The overall picture suggests a much richer texture of popular tale as a fascinating new legacy of antiquity. This volume breaks down the traditional barriers between Classical Mythology and the fairy tale, and will be an invaluable resource for anyone working on the history of fairy tales and folklore.

Folk-tales of Bengal
Myths and Legends from Korea No ordinary collection of tales, this anthology was the result of extensive research that led Shah to conclude that there is a certain basic fund of human fictions which recur again and again throughout the world and never seem to lose their compelling attraction. This special paperback version of World Tales concentrates on the essentials, the text of the stories, and omits the illustrations which were part of a previous edition.

Collected Folk Tales In this fascinating and comprehensive collection of Chinese myths and legends, E. T. C. Werner drew upon material readily available to him as a member of the Chinese government’s’ Historiographical Bureau in Peking. A former barrister and British consul in Foochow, Werner presents a wealth of information illuminating the ideas and beliefs that governed the daily lives of the Chinese people long before the revolutions of the 20th century. Offering a provocative glimpse into a world dominated by traditional rules of etiquette and inhabited by demons, dragon-gods, and spirits, the volume opens with an introductory chapter on the origins of the Chinese people. In succeeding chapters, Mr. Werner’s readable, well-illustrated text considers the gods of China and myths of stars, thunder, lightning, wind and rain; of water and fire; of epidemics, medicine, and exorcism; as well as tales about the goddess of mercy, the guardian of the gate of heaven, accounts of how the Monkey became a god, and much more. In addition, 32 striking illustrations depict such traditional deities as the Spirit That Clears the Way, civilian and military Door Gods, the Kitchen-God, Dragon-Gods, the Gods of Happiness, Office, and Longevity, and others. Engrossing and informative, Myths and Legends of China will appeal not only to lovers of folklore but to anyone interested in Chinese art, culture, or philosophy.

Ancient Tales and Folklore of Japan

Ancient Fairy and Folk Tales ASIA is rich in folklore, legends, and fairy tales. In your hands lies a collection of tales whose epicentre lies somewhere in ancient Persia. The 25 tales in Oriental Folklore and Legend originate from countries along the fabled Silk Route [Arabia, Persia, India, and Kalmykia] and, as one would expect, they are infused with elements of Islamic, Hindu, Buddhist, and Zoroastrian culture. All were acquired from Asian storytellers. Because of this rich cultural mix, the tales abound with magicians, viziers, cobblers who become astrologers, adventures and quests by the score, and common men who best both Shahs and Kings showing that brains always win over brawn. So curl up with this snippet of ancient Central Asian folklore and absorb yourself in Sinbad and Aladdin-like folk tales from yesteryear. The Kalmyk tales are of especial interest, both because of their contents and their oblique history. The extended Scheherazade-like Relations of Ssidi Kur is a marchen-cycle from the people of Buddhist Kalmykia. The Kalmykians migrated from southern Siberia to the northwest shore of the Caspian Sea in the 1600's. Even so, they maintained strong historical connections to Tibet and Mongolia, mainly because Buddhism remains their national religion. During their "deportation" by the Russians [1943 - 1957], Kalmyk folk stories and tales kept alive the people's hope of nationhood and eventual repatriation. Oriental Folklore and Legend was originally published in a series of Folklore and Legends volumes by W.W. Gibbings between 1891 and 1905. The author/editor was unnamed, but the initials C.J.T. given after the preface are apparently those of one Charles John Tibbitts. A percentage of the sales will be donated to educational scholarships for the underprivileged in Kalmykia.

Chinese Myths and Folk Tales This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1908 edition. Excerpt: LVII THE CAMPHOR TREE TOMB Five ri (ten miles) from Shirakawa, in the province of Iwaki, there is a village called Yabuki-mura. Close by is a grove some 400 feet square. The trees used to include a monster camphor nearly 150 feet in height, of untold age, and venerated by villagers and strangers alike as one of the greatest trees in Japan. A shrine was erected to it in the grove, which was known as the Nekoma-myojin forest; and a faithful old man, Hamada Tsushima, lived there, caring for the tree, the shrine, and the whole grove. One day the tree was felled; but, instead of withering or dying, it continued to grow, and it is still flourishing, though lying on the ground. Poor Hamada Tsushima disembowelled himself when the sacred tree had been cut down. Perhaps it is because his spirit entered the sacred tree that the tree will not die. Here is the story: -- On the 17th of January in the third and last year of the Meireki period--that is, 1658--a great fire broke out in the Homyo-ji Temple, in the Maruyama Hongo district of Yedo, now Tokio. The fire spread with such rapidity that not only was that particular district burned, CHOGORO AND HIS MEN FAIL TO MOVE THE KUSUNOKI TREE but also a full eighth of Yedo itself was destroyed. Many of the Daimios' houses and palaces were consumed. The Lord Date Tsunamune of Sendai, one of the three greatest Daimios (who were Satsuma, Kaga, Sendai), had the whole of his seven palaces and houses destroyed by the fire; the other Daimios or feudal lords lost only one or two. Lord Date Tsunamune resolved to build the finest palace that could be designed. It was to be at Shinzenza, in Shiba. He ordered that no time should be lost, and directed one of his high officials,
Harada Kai Naonori, to see to the matter.
