Scholarship and Commitment
In today's competitive world, Spoken English is considered as a passport for success in life. The craze for learning spoken English has led to the growth of coaching institutes all over the country. Much as they may profess and advertise, it is not really possible to learn any language in 30 days. A person who genuinely wants to learn the language needs to spend two to three hours every day for at least five or six months before he or she would feel confident to communicate in English. The prime objective of this book is to encourage students to learn English as a tool of communication and to enable them to understand the language thoroughly. The book basically takes off from the learner's point of view and guides them through cooperative learning methods in order to help master the effective communication skills in English. The book has been divided into four convenient units of Grammar, Pronunciation, Conversation and Vocabulary. Each chapter covers one main area of study.

Professor Darah turned seventy on Wednesday November 22, 2017 and to celebrate his very productive career, his colleagues and many of those he has mentored thought it appropriate to mark his official exit from the university in a dignified way by commissioning for publication, in the now acceptable festschrift tradition, the highly compelling and outstanding collection of essays titled: Scholarship and Commitment: Essays in Honour of G.G. Darah. The book is a ground-breaking collection of essays; some are couched as tributes to the ebullient celebrant, there are others on more serious discourses in the areas of literary theories and criticism, language and linguistics, popular literature and politics, the African woman, identity and contemporary realities, oral literature, the news media and cultural studies. The essays, on their own, attest to the vivacity and liveliness as well as the encouraging state of health of publishing in the Nigerian academia, which in this collection alone, parades forty-two essays in different fields or discourses.

A Worlde of Wordes, the first-ever comprehensive Italian-English dictionary, was published in 1598 by John Florio. One of the most prominent linguists and educators in Elizabethan England, Florio was greatly responsible for the spreading of Italian letters and culture throughout educated English society. Especially important was Florio’s dictionary, which – thanks to its exuberant wealth of English definitions – made it initially possible for English readers to access Italy’s rich Renaissance literary and scientific culture. Award-winning author Hermann W. Haller has prepared the first critical edition of A Worlde of Wordes, which features 46,000 Italian entries –
Haller reveals Florio as a brilliant English translator and creative writer, as well as a grammarian and language teacher. His helpful critical commentary highlights Florio's love of words and his life-long dedication to promoting Italian language and culture abroad.

The Acts of the Apostles

Our intellectual context is very complicated. There are competing pedagogues, divergent epistemological agendas, and flawed participants. The mind is a warzone. The Old Testament depicts a battlefield between the sinful mind and God's revelation. Today, many Christians minimize the intellect and do not recognize how sin impacts thinking. Many do not know how to love God with the mind. Many suffer from anti-intellectual inertia. They think like consumers shopping for knowledge, learning formats, and instructors that conform to their buying preferences. They prefer junk food for their minds. They often fulfill the role assigned to them by the world—intellectual simplicity, private religiosity, and subjective spirituality. By comprehensively examining Old Testament teaching concerning the mind, this book promotes a spirituality that puts thinking in its proper place. It explains what God requires intellectually of his vice-regents. It shows that our world is a labyrinth, but that God's revelation is our reliable guide. This book motivates readers to strive for mental piety, wisdom, and intellectual development, for the glory of God and the fulfillment of our mandate on earth. Readers will learn
