Willem de Kooning Nonstop

On a luminous spring day in Venice, Commissario Guido Brunetti and Inspector Vianello play hooky to help get Vianello’s friend Marco Ribetti—an environmental activist arrested during a protest against toxic waste being dumped into the city’s waters—released from prison. But on the steps of the police headquarters, they come face-to-face with Ribetti’s cantankerous father-in-law, who has been overhearing making threats against Ribetti. And when the body of a night watchman is at the father-in-law’s glass factory next to an annotated copy of Dante’s Inferno, Brunetti must find out if there is a connection between this and whoever is ruining the waters of the lagoon.

Through a Glass, Darkly

Recovering from amnesia caused by severe trauma, a man searches for his identity by connecting with the mysterious people who surround him including a woman who triggers in him intense feelings of electricity.

Beyond Test Scores

2018 ASJA Award-Winner in the Biography/History Category Is it possible to make direct contact with the dead? Do the departed seek to make contact with us? The conviction that both things are true was the cornerstone of spiritualism, a kind of do-it-yourself religion that swept the Western world from the 1850s to the 1930s. Prominent artists and poets, prime ministers and scientists, all joined hands around the séance table. But the movement’s most famous spokesman by far was Sir Arthur Conan Doyle, whose public quarrels with Houdini over the truth of spiritualism made headlines across the country. Known to the world as the creator of Sherlock Holmes, Conan Doyle had undergone what many considered an enigmatic transformation, turning his back on the hyper-rational Holmes and plunging into the supernatural. What was it that convinced a brilliant man, the creator of the great exemplar of cold, objective thought, that there was a reality beyond reality? Though most modern sources make Conan Doyle out to be a kindly but credulous old fool, and though the spiritualist era was rife with fraud, Stefan Bechtel and Laurence Roy Stains take a closer look. They reexamine the old records of trance mediums and séances, and they discover that what Conan Doyle and his colleagues uncovered is as difficult to dismiss now as it was then.

Revisit some of the best columns of the past six years from St. Louis Post-Dispatch Columnist Bill McClellan in the book, Through the Glass Darkly.

Through a Glass, Darkly

THROUGH THE LOOKING GLASSDarkly is based on real life experiences suffered by two children deserted by their mother at an early age. They were thrust into a life of emotional and physical abuse in a foster home, where they remained for 14 years. Released to their father as teens, they ran headlong into unfamiliar territory. They fought their way to becoming productive adults. Their innate ability to survive lifes trials, given the absence of love and nurturing, was a hard lesson in growth and maturity. And this they did, becoming the best they could be.

Through a Glass, Darkly

Records the tragic circumstances which led to one man committing a sequence of vicious sexual assaults through to the murders of Rachel Nickell and Samantha and Jazmine Bisset. It has taken Alan Jackaman over 25 years to come to terms with what he experienced, but he now tells of his part in the downfall of serial killer Robert Napper. Reveals for the first time information not until now in the public domain and tells of the author’s tenacity as a lower-ranking officer in the face of dwindling resources and sometimes disparagement by more senior investigators. A straightforward account of the solving of heinous and complex crimes, it also delves into media fascination with serious offences and shows how the press may latch on to one murder whilst ignoring another, even more horrific, one. The author was an investigator on the Bisset case from day one through to seeing that case linked to London’s Green Chain Walk rapes and the discovery that Napper also killed Rachel Nickell on Wimbledon Common. The book tells for the first time the behind the scenes story of how the misguided targeting of Colin Stagg and rebuffing of the Bisset team’s suspicions allowed Napper to escape justice for 15 years. The book also looks at the mind of Robert Napper, his bizarre behaviour, family history and ‘doodlings’ (some reproduced in this book) and the fact that sheer ‘chance’ allowed him to remain free for so long. By the detective who arrested Napper. Looks at the emergence of criminal profiling. Enters the mind of a psychotic killer. Shows how media ‘obsession’ can hinder justice. Contains previously unpublished material. Extract ‘To be able to properly investigate the sequence of Green Chain Walk rapes. At first glance the string of offences bore the classic hallmarks of a psychopath who grew ever more

the modern hope of attaining purely rational and objective knowledge has faltered, to the joy of some and worry of others. philosophy's attempt to see reality with a god's-eye view is increasingly viewed as unlikely or undesirable, but what fills the vacuum now that the modern project is in jeopardy? through a glass darkly examines the thought of richard rorty and bernard lonergan on the possibility of knowledge without a god's-eye view. rorty, one of the most influential contemporary thinkers, exposes the utter contingency of all philosophical solutions and intuitions. without the pretensions of objective knowledge, rorty hopes for a liberal order rooted in hope and solidarity rather than fruitless longings for truth. constantly asking us to pay attention to what we actually do when we attempt to know, lonergan discovers in the fragility of consciousness a modest but invariant foundation for human knowledge. unlike naive forms of realism, lonergan's answer to rorty's skepticism reveals rorty's incomplete escape from cartesian anxiety. lonergan's turn to the subject more radically breaks the lure of certainty and reveals lonergan, not rorty, as the integral postmodern thinker.

this is caroline jones' moving and deeply personal diary, written as she watched her much-loved father die, and in the years since. 'i've been given the wisdom of so many people's stories, their real life struggles. i have committed them to memory and treasured them in my heart. and i suppose that is why i am expected not to grieve or even recover quickly from my loss' these are caroline jones' opening words to this moving and deeply personal diary. it was written over several years as she watched her dearly beloved father suffer, and eventually pass away. it is a diary from the heart of this most highly respected radio/television journalist and presenter.

through a glass darkly

suffering, the sacred, and the sublime are concepts that often surface in humanities research in an attempt to come to terms with what is challenging, troubling or impossible to represent. these intersecting concepts are used to mediate the gap between the spoken and the unspeakable, between experience and language, between body and spirit, between the immanent and the transcendent, and between the human and the divine. the twenty-five essays in through a glass darkly: suffering, the sacred, and the sublime in literature and theory, written by international scholars working in the fields of literary criticism, philosophy, and history, address the ways in which literature and theory have engaged with these three concepts and related concerns. the contributors analyze literary and theoretical texts from the medieval period to the postmodern age, from the works of chaucer, shakespeare, donne, and herbert to those of endo shûsaku, alice munro, annie dillard, emmanuel levinas, and slavoj žižek. this book will be of particular interest to scholars of religion and literature, philosophy and literature, aesthetic theory, and trauma studies.

napper

the long-awaited prequel to keoen's beloved through a glass darkly. dark angels is a feast of a novel that sparkles with all the passion, extravagance, danger, and scandal of seventeenth-century england. alice verney is a young woman intent on achieving her dreams. returning to england after a messy scandal forced her to flee to louis xiv's france, alice is anxious to re-establish herself by regaining her former
position as a maid of honor to Charles II's queen and marrying the most celebrated duke of the Restoration. But all is not as it seems in the rowdy, merry court of Charles II. Since the Restoration, old political alliances have frayed, and there are whispers that the king is moving to divorce his barren queen, who some wouldn't mind seeing dead. Alice, loyal only to a select few, is devoted to the queen, and so sets out to discover who might be making sinister plans—and if her own father is one of them. When a member of the royal family dies unexpectedly, the stakes are raised. As Alice steps up her efforts to find out who is—and isn't—true to the queen, she learns of shocking betrayals throughout court, and meets a man who she may fall in love with—and who could spoil all of her plans. With the suspected arrival of a known poison-maker, the atmosphere in the court electrifies, and suddenly the safety of the king himself seems uncertain. Secret plots are at play, and war is on the horizon—but will it be with the Dutch or the French? And has King Charles himself betrayed his country for greed? Unforgettable in its dramatic force, here is a novel of love and politics, of romance and betrayal, of power and succession—and of a resourceful young woman who risks everything for pride and status in an era in which women were afforded little of either.

Through a Glass Darkly
Widow Barbara Montgeoffry, Countess Devane, finds heartbreak, love, and intrigue in early eighteenth-century Virginia and London as she struggles to build a new life for herself following the devastation of her husband's death, in the sequel to Through a Glass Darkly. Reprint. 30,000 first printing.

Through a Glass Darkly
Takaki traces the economic and political history of Indians, African Americans, Mexicans, Japanese, Chinese, Irish, and Jewish people in America, with considerable attention given to instances and consequences of racism. The narrative is laced with short quotations, cameos of personal experiences, and excerpts from folk music and literature. Well-known occurrences, such as the Triangle Shirtwaist Factory Fire, the Trail of Tears, the Harlem Renaissance, and the Japanese internment are included. Students may be surprised by some of the revelations, but will recognize a constant thread of rampant racism. The author concludes with a summary of today's changing economic climate and offers Rodney King's challenge to all of us to try to get along. Readers will find this overview to be an accessible, cogent jumping-off place for American history and political science plus a guide to the myriad other sources identified in the notes.

A Gift of the Spirit
This book addresses the relevance of the state of exception for the analysis of law, while reflecting on the deeper symbolic and jurisprudential significance of the coalescence between law and force. The concept of the state of exception has become a central topos in political and legal philosophy as well as in critical theory. The theoretical apparatus of the state of exception sharply captures the uneasy relationship between law, life and politics in the contemporary global setting, while also challenging the comforting narratives that uncritically connect democracy with the tradition of the rule of law. Drawing on critical legal theory, continental jurisprudence, political philosophy and history, this book explores the genealogy of the concept of the state of exception and reflects on its legal embodiment in past and present contexts – including Weimar and Nazi Germany, contemporary Europe and Turkey. In doing so, it explores the disruptive force of the exception for legal and political thought, as it recuperates its contemporary critical potential. The book will be of interest to students and scholars in the field of jurisprudence, philosophy and critical legal theory.

States of Exception
These thirteen original essays are provocative explorations in the construction and representation of self in America's colonial and early republican eras. Highlighting the increasing importance of interdisciplinary research for the field of early American history, these leading scholars in the field extend their reach to literary criticism, anthropology, psychology, and material culture. The collection is organized into three parts—Histories of Self, Texts of Self, and Reflections on Defining Self. Individual essays examine the significance of dreams, diaries, and carved chests, murder and suicide, Indian kinship, and the experiences of African American sailors. Gathered in celebration of the Institute of Early American History and Culture's fiftieth anniversary, these imaginative inquiries will stimulate critical thinking and open new avenues of investigation on the forging of self-identity in early America. The contributors are W. Jeffrey Bolster, T. H. Breen, Elaine Forman Crane, Greg Dening, Philip Greven, Rhys Isaac, Kenneth A. Lockridge, James H. Merrell, Donna Merwick, Mary Beth Norton, Mechal Sobel, Alan Taylor, Laurel Thatcher Ulrich, and Richard White.

Through the Glass Darkly

Modern horror novel that deals with secrets long buried, festering guilt and haunting loneliness. Jack Trent, the most effective CID officer in the history of the department, is having bad dreams. He has seen the murder of a child in a forest at the hands of something indescribable. But these are more than dreams. They are visions of the future that Jack has tried for years to suppress. This is a brilliant novel from an exciting new writer who is steeped in the traditions and themes of the genre.

Through a Glass Darkly

Through a Glass Darkly was William Hinton's last book. It draws on a lifetime of immersion in Chinese politics and society, beginning with the seven years he spent in China, working mainly in agriculture and land reform, until 1953. On his return to the United States in that year, Hinton first encountered the distortions and misrepresentations of the Chinese Revolution that he examines in this book. Hinton defends the achievements of the Chinese Revolution during the three decades from 1948 to 1979 from its detractors both in the United States and, since 1979, in China itself. His starting point is the work of John K. Fairbank, for many years a professor at Harvard and the "dean of China Studies" in the United States. But it is not limited to critique. Instead, Hinton's critique of Fairbank leads into a wide-ranging examination of the nature of the transformation attempted in China, its social and political bases, and the causes and consequences of its policies in land reform, agriculture, combating famine, popular culture, industrialization, morality, and much else besides. Moving from large questions to concrete details, often drawn from his own experiences, Hinton brings everyday life in revolutionary China graphically to life. In a time when the distorted views first developed by U.S. critics of the Chinese Revolution are often propagated by the new Chinese elite themselves, Through a Glass Darkly has more than just historical relevance. For anyone wishing to understand present-day rivalries between the United States and China, Hinton shows how these began. This is a fitting completion of the work of a great scholar and revolutionary.

Through a Glass Darkly

"Born of the U.S. government's 1928 raid on the degenerate coastal town of Innsmouth, Massachusetts, the covert agency known as Delta Green spent four decades opposing the forces of darkness with honor, but without glory. Stripped of sanction after a disastrous 1969 operation in Cambodia, Delta Green's leaders made a secret pact: to continue their work without authority, without support, and without fear. Delta Green agents slip through the system, manipulating the federal bureaucracy while pushing the darkness back for another day—but often at a shattering personal cost. Ten years ago, everything changed. It's time you found out how. It's 2001. The Delta Green agents code-named Cyrus and Charlie get the call: A young boy dead and buried for years has reappeared, healthy and happy, as if no time at all had passed and the disease that killed him had never been. The family thinks it's a miracle, but Delta Green has seen too many miracles turn to madness. Cyrus and Charlie must discover what horrors lurk behind this one. The mission brings them to the brink of apocalypse—towards the edge of the revelation and destruction of Delta Green—towards secrets and terrors at the heart of reality itself. Written by Delta Green co-creator Dennis Detwiller, "Delta Green: Through a Glass, Darkly" is a sequel to the stories of "Delta Green: Strange Authorities," available from Arc Dream Publishing.

Through a Glass Darkly

In A Gift of the Spirit, Eugene Victor Wolfenstein offers a reading of W. E. B. Du Bois's The Souls of Black Folk aimed at demonstrating its organic unity and coherence. He takes as his interpretive key the experience of the color line with which Du Bois's narrative begins—the incident from his youth in which a white girl refused his offer of a visiting card. Wolfenstein contends that this instance of misrecognition makes visible an aesthetic and affective configuration involving insult and injury, both racial and personal; anger as the immediate response to the humiliating wound; and, when that anger is suppressed, a melancholy retreat from the site of injury. As Wolfenstein reconstructs it, Souls tells the story of Du Bois's twofold approach to waging the battle for recognition: proud and disciplined resistance to the impositions and injustices of white supremacy; and the development of an intellectual station above the field of battle, where it could be surveyed from on high. With its serious and respectful approach to this canonical work in African American social theory, A Gift of the Spirit is a fitting tribute to the enduring relevance of Du Bois's singular achievement.

Through a Glass Darkly

“After the American Civil War, while bodies still littered battlefields, the movement known as Spiritualism began to sweep across America as thousands of people, mostly from shock and grief, tried to make contact with the recently departed. The movement captivated Europe as well, especially England in the aftermath of the Great War and Great Influenza Epidemic. Prominent figures such as Charles Dickens, W. B. Yeats, and Queen Victoria were mesmerized. The movement’s most famous spokesman was Sir Arthur Conan Doyle. Known to the world as the creator of Sherlock Holmes, Doyle underwent what many people at the time considered an enigmatic transformation, turning his back on the hyper-rational Holmes and plunging into the supernatural. What was it that convinced a brilliant man like Doyle, the creator of the great exemplar of cold, objective thought, that there was a reality beyond the reality? Why did professors, philosophers, statesmen and men of science like the great evolutionist Alfred Russell Wallace, the Nobel-Laureate physiologist Charles Richet, and the distinguished chemist Sir William Crookes also become Spiritualists? Using the life of Sir Arthur Conan Doyle as a lens, Bechtel probes this largely unexplored movement, a movement rife with fraud but also full of genuine evidence that is difficult to dismiss. Expertly written and peppered with engaging anecdotes, Through A Glass, Darkly is a terrifically fun read”--

Through a Glass Darkly

This collection of essays arose from a workshop held in Canberra in 2013 under the auspices of the Academy of Social Sciences in Australia to consider the impact of the encroachment of the market on public universities. While the UK tripled fees in 2013 and determined that the teaching of the social sciences and the humanities would no longer be publicly funded, it was feared that Australia would go further and deregulate fees altogether. In the best tradition of the social sciences, the contributors have assumed the role of critic and conscience of society to present penetrating analyses of the ramifications of the corporatisation of the university as neoliberalism continues to occupy the ascendant position in the political firmament. The dramatis personae in these analyses are students, academics, managers and political mandarins with the gendered character of corporatisation an important sub-theme.

Through a Glass Darkly: A Journey of Love and Grief With My Father

Commissario Brunetti and his assistant Vianello secure the release of an environmental protester, only to be faced by the fury of the man’s father-in-law, a cantankerous glass factory owner, in this fascinating novel that combines politics and culture.

Through a Glass, Darkly

This image-rich essay offers a radical rethinking of the ab-ex painter Willem de Kooning by one of the greatest American art critics. Many have written about de Kooning’s startling canvases of monstrous women, but none have approached them this way. In prose as energetic as her subject, Rosalind Krauss demonstrates how de Kooning could never stop reworking the same subject. Deploying one telling image after another, she shows that, from the early days of his career, de Kooning nearly always (1) worked with a tripartite vertical structure, (2) projected his own figure and point of view as the (male) artist into the painting, and (3) was compelled to produce the female figure, legs splayed obscenely or knees projected into the viewer’s space in practically everything he made. Hidden in plain sight even in paintings of highways, boats, and landscapes, Woman is always there. How could we have missed this?”
Through a Glass Darkly

Through a Glass Darkly is a collection of essays by scholars who argue that Baptists are frequently misrepresented, by outsiders as well as insiders, as members of an unchanging monolithic sect. In contemporary discussions of religious denominations, it is often fashionable and easy to make bold claims regarding the history, beliefs, and practices of certain groups. Select versions of Baptist history have been used to vindicate incomplete or inaccurate assertions, attitudes, and features of Baptist life and thought. Historical figures quickly become saints, and overarching value systems can minimize the unsavory realities that would contribute to a truer interpretation of Baptist life. The essays in this volume use the term Baptist in the broadest sense to refer to those Christians who identify themselves as Baptists and who baptize by immersion as a non-sacramental church rite. Over the past four hundred years, Baptists have grown from a persecuted minority to a significant portion of America's religious population. They have produced their fair share of controversies and colorful characters that have, in turn, contributed to a multifaceted history. But what does it mean to be a “real Baptist”? Some look to historical figures as heroic exemplars of Baptist core values. Others consider cultural, social, or political issues to be guideposts for Baptist identity. Through a Glass Darkly dives deeper into history for answers, revealing a more complete version of the expansive and nuanced history of one of America's most influential religious groups.
